Profile

Hello, I'm Monty James Hucknall. I have a genuine passion for connecting with new people and thrive on collaborative endeavours. I'm enthusiastic about integrating technology to enhance efficiency in my work and enjoy any team-leading opportunities.

Education

GCSEs

Sep 2018 - Jun 2023

The Leys, Cambridge

My GCSEs taught me a lot about how much effort it takes to really learn, even in subjects I wasn't very interested in. More than anything, I gained valuable skills in learning and improved my discipline and work ethic.

A-levels

Sep 2023 - Present

The Leys, Cambridge

Throughout my A-level studies, I have come to regard the time spent in school as invaluable. Although there is no external compulsion, I now recognise the necessity of diligent effort.

Employment

Team Member

Jun 2023 - Sep 2023

Churchills Fish and Chips, Stansted Mountfitchet

I worked at Churchill's for a short time during the summer of 2023. I enjoyed the experience of working in customer service, and it taught me many important skills, including time management and team communication.

IT intern

Aug 2023 - Sep 2023

The Leys, Cambridge

In the summer of 2023 I worked as a IT intern for The Leys School in Cambridge and it was a incredible experience. I got to understand what goes on behind the scenes at my school by preparing all the new technology including iPads and Computers for the upcoming year.

Achievements

Duke of Edinburgh - Silver Expedition

I thoroughly enjoyed participating in my Duke of Edinburgh expedition, despite its challenges. Leading my team with a map and compass required me to step out of my comfort zone. While it may seem straightforward, there were moments when navigation proved to be quite difficult.

LAMDA - Public Speaking Grade 8

Although I still find large crowds quite intimidating, public speaking is a passion of mine and a skill I am determined to excel at. To aid me on this journey, I decided to pursue a LAMDA grade in public speaking. This experience taught me a great deal, though I recognise there is still much for me to learn.
